Dear Sir:

Please preliminary amend the above-identified application as follows:

IN THE CLAIMS

Please preliminary amend the following claims as follows:

Claim 1 has been amended as follows:

A¹ 1. (Amended) A method of building which comprises taking honeycomb panels
having at least one flat edge for bonding to an adjacent structural unit, and bonding the panels
and/or units together to form a composite building structure.

Claim 3 has been amended as follows:

A² 3. (Amended) A method as claimed in claim 2 in which the honeycomb
configuration is obtained by injecting a plastics material resin into a continuous web of fibres laid
within a mould in such a fashion that a honeycomb structure is produced without the web
crossing itself.
